STROKE HIT

Healthier Together:
stroke care pathway
review

Public co-design and
accountability

Research partners

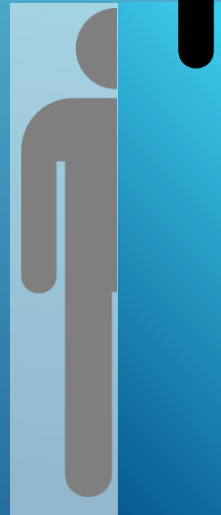

Did you know...?

... **1300** people have a stroke in BNSSG every year

1 in 10 who didn't need residential care before their stroke will need it afterwards

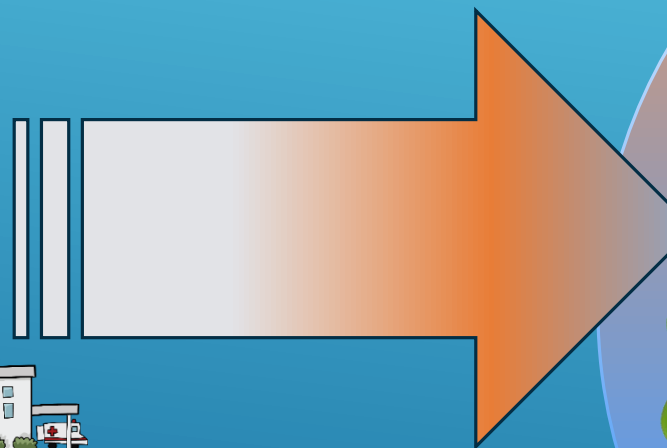

half
of these
will have
lasting
disability

DESIGN FOR WHOLE-SYSTEM SOLUTION

More than **20** organisations currently involved in stroke care in BNSSG

PEOPLE CO-DESIGN CARE PATHWAY AND DRIVE ACCOUNTABILITY

'Three and a half years on I'm still exercising, still improving, and still have a long way to go'
Chris Priestman

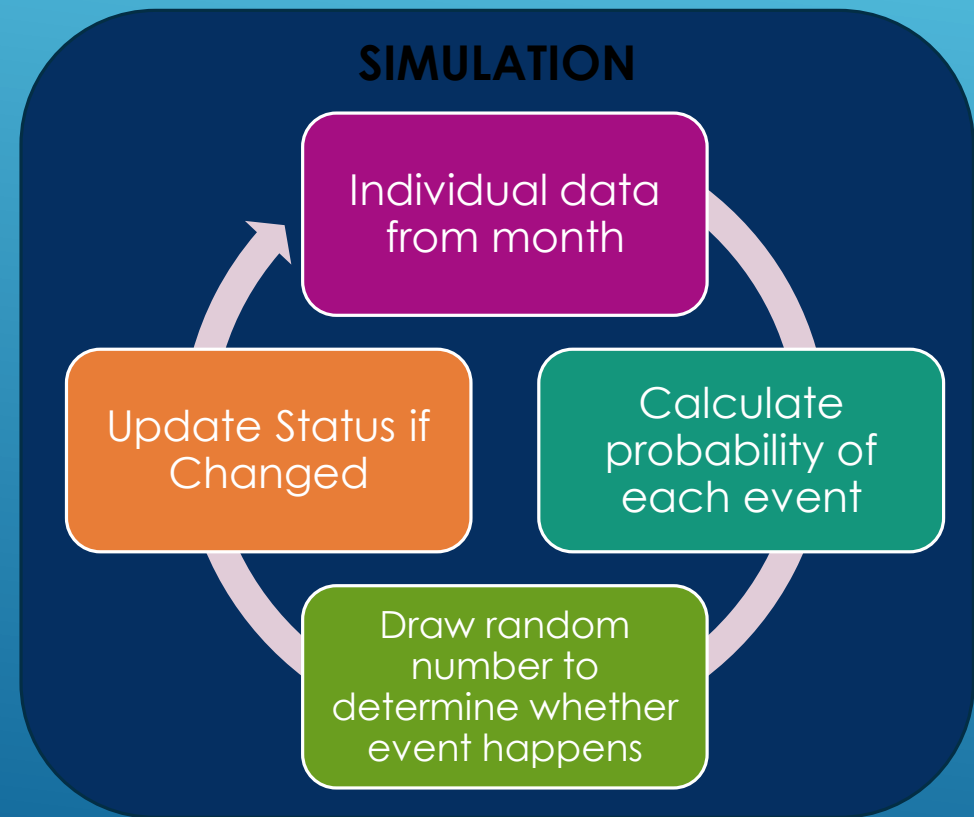

RESEARCH TO SUPPORT COMMISSIONING

What's the cost of stroke ?

Prevention modelling ?

A patient focussed, evidence-based, collaborative & innovative approach to improving prevention and management of stroke in BNSSG
