

Trauma informed approaches in Children and Families Social Work

Fiona Tudge, Deputy Director (Interim) – Children, Families
and Safer Communities

Herdaypal Johal – Principal Social Worker, Bristol City Council

Bristol Practice Framework

Safeguarding in a trauma informed way

- Protecting our most vulnerable children can only be done in a trauma informed way.
- Moving from first order change to second order change in order to improve the outcomes for children and families.
- Working together to provide a multi-agency response.
