Meeting ID: 914 0310 1802

**Zoom passcode: 0000**

# About the event

REACH is a collaborative research hub in Bristol, aiming to improve the delivery of urgent and emergency care.

This event will mark one year since our launch, and includes updates from our research team on current and upcoming projects in the Southwest. A key aim of the event is also to hear from local clinicians, commissioners, patients, public and other stakeholders about which research areas and projects are important for us to prioritise in our second year and beyond.

If you know anyone who may be interested in attending, please share the registration and zoom links above.

For further information about REACH, click [here](#) to watch our short video or email [REACHcontact@uwe.ac.uk](mailto:REACHcontact@uwe.ac.uk) with any questions.

## Agenda

### **Part 1.            **SHOWCASE****
